

How LDR helps with **BIOHAZARD REMEDIATION**

GET HELP WITH BIOHAZARDS

LDR can deep clean environments with a variety of biohazardous pathogens. This can include cleaning, sanitizing, and deodorizing areas where a traumatic event has occurred or where a biohazardous substance has compromised the safety of a location. Call LDR at (815) 874-7066 should you need this specialized service.

Your LDR team will be on the job site quickly.

The LDR team will arrive fully prepared to make an evaluation of the scene and to begin the process of safely remediating and disinfecting the environment.

Most importantly, your LDR team specializes in biohazardous restoration.

Our lead technicians are certified by the IICRC (Institute of Inspection Cleaning and Restoration Certification) in both Trauma & Crime Scene as well as Health & Safety. These certifications give them the advanced training they need & the highest level of competency needed to deal

with biohazard events.

Ultimately, your biohazards restoration will unfold quickly and efficiently. It can include these steps:

- Site assessment and plan based on our industry standards
- LDR on site with appropriate PPE
- Removal and disposal of all hazardous materials according to OSHA standards
- Repairs and construction, where necessary
